WHY MARKS

Near-new electric. Already in the EU.

Marks Group is a Brussels company offering a hand-picked collection of near-new Xiaomi and Voyah electric cars. Each car was first registered between March and July 2025, is registered in the EU and is approved for EU roads.

01

Already in the EU

Every car is registered in the EU and approved for EU roads. There is no import process for you to manage.

02

Near-new

First registered between March and July 2025, so you get a current-generation car at a near-new stage.

03

Everything up front

Full photos of every car, inside and out. We send VIN and mileage on request so you can check before you commit.

04

Brussels-based

A Belgian company you can call, email or visit, at the heart of Europe.
